Arlington Heights To Honor Soldier Dead

As a mark of respect to the soldier dead and others who have passed on, the Arlington Heights stores will be closed all day Saturday. They will be open Friday evening for convenience of patrons.

Important Lutheran Activities

1. Educational Festival Sunday

Two hundred Lutheran churches of the North Illinois District affiliated with the Missouri Synod have joined forces in arranging a great educational rally next Sunday on the campus of Concordia Teachers' College, River Forest. The purpose of the rally is to promote more and better Christian education in the home, the school and the church as the most effective medium for stemming the tide of religious and political radicalism.

An outdoor festival service will be held at 3:15 p. m. with an address by the president of the Synod, Dr. J. W. Behnen, who will speak on "The Why and the How of Christian Education." A unique feature of this service will be the singing of large combined choruses, a mixed chorus of 2,000 voices, a male chorus of 800 voices, and a children's chorus of 1,200 voices.

Three well known bands will unite in giving a concert on the campus at 4:15. They are Concordia College Band, Austin Church Band and the Elmhurst Lutheran Band, totaling 125 pieces.

The Lutheran League, internal young people's organization of the church will stage a talent quest to select the district winners in oratory, essay, vocal and instrumental music. The winners will compete in the International Convention at Houston, Texas, during the summer. This contest will be continuous from two to six p. m. A number of selections will be played by the well known Lutheran Symphony Orchestra.

An educational rally by the laymen of the district at 7:30 p. m. will close the program of the day. E. J. Gallmeier, president of the International Lutheran League will be the main speaker.

No admission will be charged at any of these events. The general public is cordially invited to participate.

2. Free Pre-school Clinic Tuesday

A free pre-school clinic will be conducted at the St. Peter Lutheran school next Tuesday, beginning at 1 p. m. All children who will enter school in the fall should be examined for possible physical defects such as poor vision, hearing, infected tonsils, adenoids, bad teeth, etc. No parent ought to consider subjecting his child to the rigors of formal schooling until an examination has revealed the child's physical fitness for school. Though this clinic is sponsored by the Lutheran church, any parent may avail himself of its free services.

3. Mission Evening, Wednesday

As a means of stimulating attendance and support of its annual outdoor mission festival June 7, the board of St. Peter Lutheran church is sponsoring a congenial mission evening Wednesday, 8 p. m. The evening will be spent in a delightful and profitable way by a mission program of recitations, songs and pageants presented by the school children. This will be followed by a light lunch served by the Dorcas Aid, during which a discussion will be conducted on mission subjects under the leadership of Mr. Schlomann. A free will offering will be taken to defray expenses.

4. Fathers and son Banquet Friday

In view of the fine response last year in its efforts to promote a finer relationship between fathers and sons, the Lutheran Laymen's League will hold another Father's and Son's banquet next Friday at 7 p. m. A program has been arranged which will delight both junior and senior; plenty of singing, band music by budding instrumentalists, a short address by Pastor Brauer, chaplain of Pontiac Reformatory, an address by Mr. MacLean and a he-man's meal. And all this big time for the insignificant price of 25 cents per plate. Tickets may be had through any member of the L. L. L. All fathers and sons are invited. If you have no son, adopt one for the evening and show him a good time. It will make you feel good inside. Rev. Nock will speak in behalf of the fathers and his grandson, Robert Meyer, will present the viewpoint of the sons.

Surprises Friends With Announcement of Her Marriage

Miss Alice Goerger, daughter of Mr. and Mrs. Martin Goerger, of Elk Grove, surprised her friends Sunday with the announcement that she had become the bride of Fred Hacker, son of Mr. and Mrs. Henry Hacker, of Des Plaines. The marriage took place at Crown Point, Ind., May 2, where they were accompanied by two friends. Mr. and Mrs. Hacker are residing for the present at 1414 Keeney avenue, Des Plaines.

The bride, a graduate of the Arlington Heights high school, class of 1934, is employed at the Farm Bureau office in Arlington Heights. They both have the best wishes of many friends.

AUTO KILLS DAUGHTER OF DRIVER

Runs To Bid Father Good Bye; Hit as Car is Backed Out of Garage.

Desiring to bid her daddy goodbye, Friday morning, May 22, little 2½ year old Harriet Gruver, ran from behind a shrub and was struck and fatally injured by the family car as it was being backed down the drive by Harold D. Gruver, the father, a filling station attendant, living at 517 North Prospect Manor avenue, Mt. Prospect.

When Mr. Gruver saw the inert form of his daughter lying on the drive, he frantically drove her to the Mount Prospect General Hospital, but the little girl succumbed to a skull fracture an hour after arriving at the hospital. The mother is prostrate with grief.

Funeral services were held at the home, Monday afternoon, May 25, at 2 p. m., the Rev. J. E. A. Mueller officiating, and burial was at Rosehill cemetery, Chicago.

Mr. and Mrs. Gruver are newcomers to Mt. Prospect, having moved there from Chicago about three weeks ago. Words seem so inadequate at a time like this, but the heart sympathy of the entire community goes out to the parents in this tragedy.

SOIL PLAN APPLIES TO VEGET. CROPS

Market Gardeners and Growers May Cooperate and Receive Benefits

Market gardeners and vegetable growers in Cook county will improve their soil fertility if provisions of the agricultural conservation program are carried out, says O. G. Barrett, county agricultural agent. The purpose of this program, as passed by Congress, is to conserve and improve the soil of the country and to favor the best use of land. Market gardeners, through the use of green-manure crops, can increase the productivity of their vegetable land and receive financial aid for doing it.

Market gardeners commonly use heavy applications of chemical fertilizers to grow their large crops, and obtain big yields of vegetables. Yet these fertilizers alone do not add to the organic matter or humus in the soil. Growers, therefore, maintain the organic matter in the soil by growing green-manure crops after the vegetables.

Formerly, stable manure was used to supply this needed organic matter, but in recent years, with the decline in the number of horses in the city, green manure crops such as rye, vetch and clover have been grown and plowed under to provide the humus in the soil. Market gardeners are increasing their use of these green-manure crops.

The new conservation program, growers to adopt the practice. Payments are provided for fertilizing green manure crops with lime and superphosphate when the seed mixture contains at least forty per cent by weight of the seed of legumes, such as vetch and clover. Additional payments are granted where these green manure crops are plowed under. Other payments are made if growers decrease their areas of vegetable crops and grow soil conserving crops in their place.

O. G. Barrett suggests that gardeners and vegetable growers in this county are able to use this financial help. Not only may the farmer benefit but the city consumer is assured of a continuous and plentiful supply of vegetables at reasonable prices, if the fertility of the vegetable growing area in this county is constantly maintained.

Already many vegetable growers have shown an interest in this conservation plan by filing work sheets with the county agricultural conservation committee. Growers who have not yet filed them can still apply. The filing of this work sheet carries no obligation on the part of the farmer, but to obtain payments later, it must be shown that a work sheet has been made out and turned in, Mr. Barrett says.

Arlington High Starts Weekly Band Concerts Tuesday Night

The Arlington high school band will open a series of outdoor concerts in the Railroad Park this Thursday night at 7:30 o'clock. These concerts are free and there is ample parking space available for those who prefer to enjoy the concert from their cars. Last year's concerts were so popular that numerous queries have been received at the school for information regarding the concerts for the coming season. In appreciation of high school students, several merchants have suggested that they be allowed to sponsor a night's concert, by supplying the "eats" for the boys at the close of the program.

J. D. FLENTIE

Arlington Heights mayor who has sponsored many WPA projects in the name of the village. The action of the voters Saturday in placing their approval upon \$23,000 park bonds insures to Arlington Heights, an adequate park, work on which was authorized by the village board as a \$100,000 project and has kept many men employed since last fall.

Swimming Pool Is Still Possible

"Full speed ahead" will be the motto next week on Arlington Heights' city park project now being carried forward by local WPA workers, according to Mayor Julius Flentie.

Mayor Flentie's announcement was made in connection with a visit to local WPA operations by Mayor Arthur R. Lord, assistant administrator of the Illinois Works Progress Administration, who spent Monday making an engineering inspection of WPA projects in the northwest suburbs.

The higher acceleration on the park project, according to Mayor Flentie, will be made possible by the transfer to the park of 48 workers now engaged in installing the west side storm sewer which will be completed within the next few days.

These men are now finishing up the final 1200-feet of new storm sewer along Campbell avenue, which coupled with the 2,000-ft. along Casper street and the 1,500-ft. of new sanitary sewer on Euclid avenue, makes a total of 4700-ft. of new sewers since the project was inaugurated several months ago.

Major Lord, accompanied by Mayor Flentie and T. J. McElligott, WPA area supervisor, spent the early afternoon inspecting the park project, where Mayor Flentie related the complete history of the city's efforts to convert the former unsightly dump heap into a modern athletic and recreational park.

The three new tennis courts are already nearing completion. The baseball and athletic field has been graded and much of the landscaping installed. The tennis courts are so constructed that they can be flooded for ice skating in the winter.

Major Lord, after viewing the work, declared it to be up to sound engineering standards. He said he was no reason why the swimming pool, the largest single item left in the construction program, could not be built under a continuation of the WPA program, which is now before Congress for an appropriation for the coming fiscal year starting July 1. After inspecting the project, Major Lord said:

"If this is sound engineering, the emphasis can only be on the 'boom,' Arlington Heights officials are to be congratulated for sponsoring such a fine project, which when completed will give the citizens sorely needed park and recreational facilities. The park will be a lasting tribute to the many citizens who have given freely of their time and money to make the present improvement possible."

Rush Tennis Courts

Twenty-four men are kept busy at the new tennis courts applying the surface finish, which is given in a number of coats. There has been a little delay due to the unwillingness of some trained WPA workers to handle skilled work at the pay of common laborers.

Slot Machines In and Out; But Not At Arlington Heights

When ambitious representatives of the slot machine racket recently tried to install a few machines in Arlington Heights, they were refused in no uncertain words and when States Attorney Courtney gave the order last week to all police officials in the country suburbs to clean out the slot machines, said orders meant nothing in Arlington Heights, because the machines were not installed.

The Arlington Haberdashers, men's furnishings store on Evergreen street, announce the arrival of a new summer line for men and young men including straw hats, wash pants, polo and dress shirts, ties, etc. Customers will find all the late new styles and patterns and a large assortment from which to choose. All goods are reasonably priced.

ARLINGTON PARK BOND ISSUE WINS

Receives 52 Majority with Total Vote of 861; Bonds to be Offered at Once.

Arlington Heights is assured of its recreational park. The bond issue providing the funds for the purchase of the site received the O. K. of the voters Saturday at a special election called by the Arlington Heights park district. There were 861 votes cast; of which 448 were in favor of the project, 396 against and 17 spoiled ballots, giving the project a majority of 52 votes.

The Arlington Heights park board met Tuesday evening and canvassed the votes and passed a resolution authorizing advertising for bids on the bond issue of not to exceed \$23,000. The law provides that the bonds can be sold at private, or public sale and notices will be sent to all possible interested bond holders.

The park board will wait until the receipt of bids and the sale of the bonds before taking any further action relative to taking over the park. In the meantime, the present park project will be continued under the direction of the municipality.

No government official can give other than a guess regarding the possibility of the approval of swimming pool projects. It is admitted, however, that before such approval will be given the sponsoring group will have to raise the ante that was their share under the original set up.

500 Dance At Wedding of Betty Sadecky

Miss Betty Sadecky, daughter of Mr. and Mrs. Vincent Sadecky, of Arlington Heights and Mr. Anthony Koske, of Elk Grove, were quietly married by Rev. Stier at the St. James parsonage at 1:30 Sunday afternoon. She was attended by Mr. and Mrs. Anton Luyten and the witnesses were the parents of the contracting parties. The bride, dressed in conventional bridal costume, carried an orchid corsage, while the bridesmaid, attired in blue had a corsage of gardenias.

It was that evening that the reception was held and attended by fully 500 guests, all of whom partook of the wedding feast prepared by the hospitable hands of the bride's mother. The wedding cake, prepared by Mr. Biederbeck, stood 41 inches high and consisted of nine layers. The bride and groom were showered with gifts which will grace their new home in the Vail-Davis building.

Music for the dancing was furnished by a five piece orchestra and it was a gay scene, and the crowd that remained until daylight of a new day drove the guests home to their regular duties.

Mr. and Mrs. Koske are taking a honeymoon trip by auto to New York. Miss Betty is well known to patrons at the Sadecky store on Euclid avenue, where she is employed at the Elk Grove garage. They both have the best wishes of a large company of friends.

Chicago and a great many of its suburbs were represented among the guests, who are too many in number to mention individually.

Mt. Prospect Scout Drum and Bugle Corps Win First Prize

The Mt. Prospect Drum and Bugle Corps made up of the boys of Scout Troop No. 23, and Cub Pack No. 223, was awarded a first prize in the division of Boy Scout corps participating in the 9th District "Youth Convention" parade held at Portage Park last Sunday afternoon.

The parade was a very impressive spectacle and competition in the various groups was keen. While many of the organizations participating have had several years of experience, Mt. Prospect boys showed up remarkably well considering the short space of time since they were organized.

The community can justly be proud of their boys making such a splendid showing on their first appearance in parade, and their success will undoubtedly spur them on to greater achievements as time goes on. Congratulations, boys! Des Plaines Squadron took third in the S. A. L. drum corps contest. Palatine scouts ranked second in boy scout troops and Barrington first in Cub Packs. Arlington Heights unfortunately did not place but the squadron of the latter town is already getting ready for next year.

Catholic Women's Club

The meeting of the Mount Prospect Catholic Women's club has been postponed until Thursday, June 4.

ENGINEER'S REPORT OF SEWAGE PLANT

Matter to be Discussed at Village Board Meet June 2nd

In the May 13 issue of the REVIEW we published an article in which it was stated that Mount Prospect had submitted a report to the Illinois State Water Survey, relating to a proposed sewage treatment plant for our village. This week the REVIEW is glad to publish a digest of the report submitted by Consoer, Townsend & Quinlan, Inc., engineers.

The report states that the 1930 census showed a population of 1,225 and that the public water system is obtained from shallow wells. Although there are no authentic records available of the total or maximum quantities pumped into the city mains, it is estimated that the domestic consumption does not exceed an average of 100 G. P. D. per capita with a peak rate likely to reach the sewers of 175% of that amount. The construction proposed under the present plan will provide intercepting sewers and force mains sufficient to bring all of the sewage flows to the proposed plant site.

It is proposed to discharge the effluent from the treatment plant into Weller Creek, which shortly below the point of the discharge for the proposed treatment plant, enters a closed conduit which flows through the City of Des Plaines and discharges into the Des Plaines river. Complete treatment is essential if satisfactory conditions are to be maintained in the outlet stream. The ratio of dilution between the flow in the stream and the domestic sewage is not enough to warrant primary treatment only. This statement is based on many inspections made of the outlet stream during the summer months.

Intercepting Sewers

The intercepting sewers have been designed to carry two and one-half times the probable future dry weather flow; the force mains have been sized to provide capacity equal to four times the present dry weather flow. The intercepting sewer starts at We-Go Trail and parallels Weller Creek on the north bank to Mt. Prospect road, the site of the sewage treatment plant. At Owen street (extended) where the 33 in. sewer now discharges into Weller Creek, the intercepting sewer increases from 18 in. to 24 in. The sewage from the Feehanville Sub-District No. 1 (the sewer system serving the Northeast part of town) would be pumped into an 18 in. sewer at Owen street and Central Road.

Sewage Treatment

It is proposed to provide complete treatment of the activated sludge type for a sewage having 100 P. P. M. settleable solids. Sprinkling filters should not be considered at the plant site in question because of inevitable nuisances from odors and flies. Chemical treatment will not provide a sufficiently good effluent at a reasonable cost of operation. In the engineer's opinion only an activated sludge plant will suffice for sewage treatment in this locality. The sewage treatment plant will have a nominal capacity of 1,000,000 gallons per day.

Costs and Financing

After a detailed explanation of the various units and design, the report estimates the construction costs for this installation as follows:

Intercepting sewer	\$ 51,000
Force Main and Pumping Station	8,000
Sewage Treatment Plant	110,000
Add for contingencies	17,000
Engineering services and inspection	13,000
Legal and contingencies	6,000
Total estimated construction costs	205,000
Land (five acres)	1,000
Total estimated cost	\$206,000
It is proposed to finance construction of the Sewage Treatment plant and intercepting sewers and force mains by an issue of sewer revenue bonds as provided by Illinois law. Assuming that a Federal loan and grant can be obtained, the financial charges will be based on a rate base of 55% of the above mentioned total project cost (the other 45% to be a grant).	
Annual Expenses	
Interest on \$113,300 (55% of \$206,000) at 4%, plus amortization charges on basis of 30-year loan at 1.78% = 5.78%	\$ 6,549
Operation and maintenance of plant	5,151
Total annual charges	\$ 11,700

According to reports provided by the Village Clerk, the report states, there are now 400 water customers, so that the average charge per customer would be \$29.24 per year. This matter of providing for sewage treatment is a serious and urgent one, as the Illinois State Water Survey is insisting on prompt action. The Village Board will bring this matter before it at its next regular meeting at the Village Hall, which will be held June 2, and inasmuch as this matter affects every property owner in the district, it is urged that the public turn out for this Board meeting and acquaint itself with developments.

Sends Own Story of Republican Convention

T. C. Hart, whose name is well known to readers of the Paddock publications, has never been classed as a politician, but he found himself in an auto headed for the Peoria convention last Friday. He enjoyed it—has even become enthusiastic. Anyway, here is his story of what happened.

Dear Editor: Well Editor, I told you that the old sheet was going to be represented at the Republican State Convention at Peoria and sure enough there we were right up in front with the 7th district delegation, where we could almost reach out and touch the platform. And boy, was it hot?

It's always hot at these conventions, it seems, and it was sure hot at Peoria. There was so much heat that the Republicans bottled up a lot of it to turn loose on the Democrats in the fall when it begins to get chilly. And the Democrats seemed to feel that hot blast in the fall coming and tried to slow it up before it started. Anyhow, they had the road into Peoria ripped up for twenty miles, so that it delayed traffic a lot and slowed the boys up getting to the convention. This made the gang from the north all the hotter and got them all primed up to turn on that old heat in the fall.

The big hall at the Peoria Armory was crowded to the roof. Every man, woman and child who wasn't any party difference like Mr. Horner and Mr. Kelly have over in the Democratic camp, but that big enthusiastic crowd had just one thing in mind and that was Victory for the G. O. P.; put Illinois back in the Republican camp. The usual ceremonies and formalities were gone through with at the start. After the speech by the temporary chairman, it got so hot a lot of the gang went out to cool off and the big hall got noisy and restless for a while.

Then C. Wayland Brooks, the nominee for Governor, was introduced and the crowd rushed back to their seats to hear "Charley" Brooks talk and, boy, what a speech. It was the best political speech I ever heard and I've heard a raft of them. Brooks was sincere, energetic and enthusiastic and he shot right from the shoulder with facts and figures from the official records. He told of how the republicans introduced the death penalty in 1900, by the house with a 100-0 vote, some of the Senate. But it was beaten in the Senate because at that time Gov. Horner was a close bedfellow of Mayor Kelly and the Chicago ring and was no more for the clean election bill than they were. Now Horner has broke with the Kelly gang and is showing off his newly gained virtue by clamoring for a clean election bill. "Death bed repentance" one of the bunch at Peoria called his flip flop change of attitude.

Then Brooks showed how the Horner administration had cut out the state property tax which brought in \$23,000,000 a year, but had stuck on new taxes and brought in \$75,000,000 a year and the Democratic legislature appropriated \$82,000,000 more for a two year period to run the state than the Republicans had appropriated in their final two year appropriation.

Then Brooks showed how the Horner administration had cut out the state property tax which brought in \$23,000,000 a year, but had stuck on new taxes and brought in \$75,000,000 a year and the Democratic legislature appropriated \$82,000,000 more for a two year period to run the state than the Republicans had appropriated in their final two year appropriation.

Well, Editor, I guess that's about enough space for the convention. You'll hear a lot more of the noise that they generated down there before November.

Yours,
TOM HART.

Arlington Student Drivers Tested by Chicago Motor Club

All students at the Arlington Heights township high school were given an opportunity to take a driver's test, Thursday and Friday of last week. Through the cooperation of the Chicago Motor Club, two representatives of that organization spent two days at the high school and tested not only all drivers of cars, but also all those who anticipated driving in the future. Numerous scientific apparatus were used to test the driver for Color Vision, Field of Vision, Acuity of Vision, Far Point Fusion, Depth perception, Reaction Time, Hand-Eye coordination activity; Strength of Grip, Glare Resistance, and Emotional Stability. Over 300 prospective drivers were tested, and each student was furnished with a report on the examination which showed him the rating which he made on each test.

The test report also drew attention to other Physical Factors, Mental States and attitudes, Habits in driving, Lack of Knowledge of what to do, and the unsafe condition of cars, which are responsible for most of the accidents. Emphasis was placed upon this thought, as is here quoted, "Merely because you have never had an accident, don't feel that you have no cause to worry. Three out of every four drivers involved in Fatal Accidents have never been in an accident before."

Postmasters Attend State Convention At Springfield

The annual convention of Illinois postmasters was held this week at Springfield, and was attended by a number of the postmasters of northern Cook county. Mrs. Dodge, of Arlington Heights, attended all of the sessions, while Wm. Kehe, of Palatine, attended the Tuesday session. The first and third assistant postmaster generals from Washington, were among the speakers.

Now, Editor isn't that a hot showing for a Governor, who was elected on an economy platform?

And then Candidate Brooks ripped into Mr. Horner for not paying \$7,000,000 which had been appropriated to the distributive school fund of the state to the schools. The money was appropriated by the legislature, but was never paid out to the schools, and because it was not included in the next appropriation, it is lost forever to the needy schools of Illinois. Now, editor, that \$7,000,000 that the schools didn't get, isn't just political hooey, I've heard the same thing from a Republican state legislator and a Democratic County Sup't. of schools. \$7,000,000 that rightfully belonged to the schools of Illinois, that the children will never get any good of and I've heard a lot about fellows on the state pay roll that didn't do any work except political plugging.

Is it any wonder that it wasn't only the weather that made the Republicans warm at Peoria? Brooks was given a tremendous ovation time after time, as he brought in telling jolts. He hit the political hook-up between relief and politics; a wall-to-wall brought roars of applause, and when he finished his speech that crowd jumped to its feet and gave him an ovation that some of the old timers tell me was the greatest ever given a Republican candidate for governor of Illinois.

Otis Glenn, candidate for U. S. Senator, followed Brooks and he ripped it into the New Deal with so much vigor and enthusiasm that the sweat poured off of him, his face got as red as a beet and I sure thought he'd have a stroke right then and there, but he put over a flock of telling blows on the New Deal and the big crowd roared its approval and gave him another big ovation when he closed. There were a lot of other good speakers and the thing which impressed me all during the afternoon was the sincerity of the speakers. Every speaker had his whole heart in what he was saying. It wasn't just political bunkum. They were talking facts and figures. They were fighting for a cause. It was like the starting of a great crusade, a crusade to lead Illinois back into the ranks of the Republican party and away from the extravagance and radicalism of the New Deal.

Best of the serious business of the convention, there was lots of fun and visiting around. Bill Busse was wearing a big happy smile as he came in and, joining the gang from the 7th district. When he was called to the speakers platform his 7th district crowd whooped it up for him. And there were a lot of funny incidents such as always happens on a trip of that kind. Looney drivers on the road and funny incidents on the streets and when Charlie Folz, police officer of Palatine, saw a red light flash on a table in a Peoria restaurant, which meant that some service was wanted, Charlie immediately responds to his police training of answering red light calls and goes rushing off to get some one something they'd forgotten.

Well, Editor, I guess that's about enough space for the convention. You'll hear a lot more of the noise that they generated down there before November.

Yours,
TOM HART.

Rathje Elected President of Ill. Bankers Ass'n.

Frank C. Rathje, well known to the people of northern Cook and DuPage counties, was elected president of the Illinois Bankers association at the annual convention of that organization, held this week at St. Louis. Mr. Rathje spent his boyhood in the vicinity of Roselle and Bloomingdale and owns and operates a farm in St. Louis, near the intersection of Route 58 and Plum Grove road.

Mr. Rathje was brought up upon a farm and manages his place himself—and doing a good job of it demonstrating that practicality can go along with modern farm methods, priding himself that he is making his farm venture a paying investment.

Mr. Rathje is interested in a number of banks in this part of the county and is also a member of the Cook County Farm Bureau.

A second honor came to Cook county in the election of Charles Elsner, cashier of the Barrington National bank, as treasurer of the state bankers association. The convention was attended by Wm. Busse, Jr., president of the Mt. Prospect State Bank, as well as by many other Cook county bankers.

Wally Hahnfeld Boys At Moonlight Gardens Decoration Day

Wally Hahnfeld's orchestra, which has many friends in this vicinity has been engaged to play at Moonlight Gardens which is located three miles west of Elgin on Route 30, for a Decoration Day dance, May 30.

MEMORIAL DAY PROGRAM COMPLETED

Fitting Services Arranged by Service Groups to Honor Fallen Heroes

Mt. Prospect Drum and Bugle Corps to Furnish Music

The committees of the various organizations have completed the Memorial Day program and it is hoped that everyone will turn out to pay their respects to our country's defenders. The parade will start promptly at 9:00 o'clock and those intending to join the parade are urged to be at the assembly place on time.

Program

Parade Marshal—Robert Quinn. Assembly at Village hall, 8:45 a. m. Parade begins promptly at 9 a. m. Line of march—West on Evergreen to Maple street, north on Maple street to Busse avenue, west on Busse avenue to Main street, south on Main street to N. W. Highway east on N. W. Highway to Village hall.

Flag Raising—Boy Scouts. Song, America—By entire assembly.

Speaker—American Legion. Selection—Local Drum and Bugle Corps.

Selection—Public School Children. Speaker—Veterans of Foreign Wars. Selection—Local Drum and Bugle Corps.

Selection—Lutheran School Children. Selection—Local Drum and Bugle Corps.

Following the program the Veterans of Foreign Wars will hold a ritualistic program over the grave of their departed comrade, John Gerken, at Schaumburg. The American Legion will hold Memorial Day services at the Elk Grove cemetery on State Road, where lie the bodies of two ex-soldiers of the Revolutionary War and five ex-soldiers of the Civil War. The public is invited to these programs and transportation will be furnished for all those desiring to attend.

SOFTBALL TO START MONDAY

No Contributions To Be Asked of Spectators This Year; Players Pay Costs.

The softball league was organized for the present season at a meeting held last Friday. Provision for from six to eight teams was made and arrangements were completed to start the season on Monday, June 1. Most of last year's rules will prevail. New this year is the rule that the players must contribute twenty-five cents each as an entry fee. This, plus the sponsors' fees, will pay the necessary expenses of the league. The umpire, who has not yet been selected, will be given full power to maintain order among the players. No contributions will be asked from spectators, who are thus offered free entertainment for most of the summer.

Fire Spreads Five Days After Blaze

The fire fighting equipment of the Palatine Rural Fire Protection League was called to the Eimecke farm, two miles south of the Plum Grove church, Palatine township Saturday afternoon when the farm buildings became endangered as a result of sparks, raised by a high wind, which had blown from a burned stack of soy beans and ignited a straw stack and woodpile.

The stack of soy beans had been burned the previous Sunday. The fire fighters remained three hours, pulling down the burning hay stack and extinguishing the blaze, insuring protection to the many adjoining farm buildings.

The farm is operated by Edw. Butler, of the Butler Elevator Co., Chicago. He had only joined the fire protection league three weeks earlier and can not say enough for the foresight of the farmers of Palatine township in making possible rural fire protection.

Works of Art in Italy
Florence, Italy, is said to have more works of art than any other similar area.

Decoration Day SPECIALS

—MEAT BARGAINS—

Baked Ham Boneless for that holiday meal 3 1/2 to 4 lb. per ham **\$1.49**

Fresh Pork Shoulder Roast 4 to 6 lb. avg. lb. **18c**

Smoked Cali Hams Kerber's Kuntry Kured lean, tender lb. **20 1/2c**

BE A RED WING BOOSTER

DID YOU KNOW THAT ELECTROLUX IS PERMANENTLY SILENT?

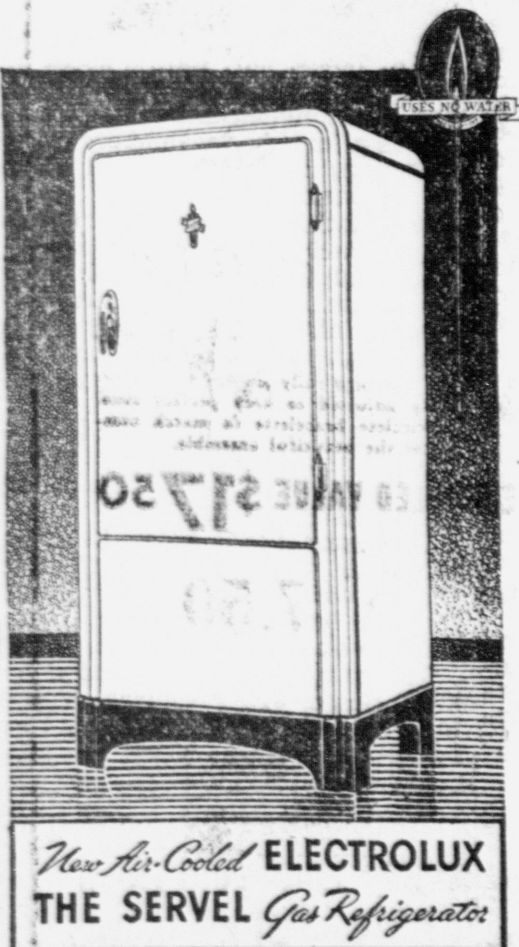

YES, AND THAT'S NOT ONLY A BIG ADVANTAGE IN ITSELF! IT'S THE CONSTANT ASSURANCE OF LONG SERVICE AT LOW COST.

Here's why

The silence of Electrolux testifies to its utterly different operating method—no machinery at all! It's the key to every one of the famous Electrolux advantages:

- No moving parts to wear
- Lasting efficiency
- Continued low operating cost
- Fullest food protection
- Savings that pay for it

New Air-Cooled **ELECTROLUX**
THE SERVEL Gas Refrigerator

ELECTROLUX is able to offer you more big advantages than any other refrigerator, because it operates on a simpler, more efficient principle than any other. A tiny gas burner takes the place of all moving parts in this remarkable modern refrigerator.

It is this simplicity of Electrolux operation which makes possible its permanent silence. And it makes possible, too, the assurance of long Electrolux service at low cost. Come in today and see the beautiful 1936 models on display at our showroom. Get the facts about our liberal purchase plan!

Olive Trees Live Long
Olive trees live to a great age. Pliny tells of one, near Rome, which had been planted by Scipio Africanus, 250 years before. At the Paris exposition in 1855 there was shown the trunk of a wild olive brought from Algeria, to which was attributed 1,000 years of existence.

Be Calm in Politeness
"Politeness can't be put on all of a sudden," said Uncle Eben. "Some men tryin' to be polite makes you think of a swallow-tail coat hurried on over a suit of overalls."

Ninth District Youth Parade a Huge Success

Last Sunday, May 24, the Ninth District held a monster parade for all Legion sponsored youth activities. The line of march was on Irving Park boulevard to Portage Park and then in front of the reviewing stand. This was the first activity of its kind tried out by the Legion and from its initial success the Ninth District will hold one each year and we understand neighboring districts are planning to do the same.

Merle Guild Post was represented by our Squadron of about twenty boys. The squadron was entered as a marching unit and made quite a hit all along the line of parade. The ages ran from four to thirteen; the columns kept in line and the boys in step quite a feat for youngsters so young. The boys are to be congratulated.

The boys were trained in marching by Comrade Clyde Jones who, as usual, did a splendid job. The squadron committee is made up of the following members—Comrades Miller, Page, Neubauer, Burpee, Laurin, Kramer and Jones. Last we forgot—Vic Pecchia was secretary of the committee handling the parade and he and Joe O'Brien are to be congratulated on the fine job they did. The squadron is holding a dance this coming Saturday, May 30, at Schufrieders, Milwaukee avenue and Lake street, Glenview, Illinois, at which time a Silver King bicycle will be given away. The proceeds to be used in payment of their standards and colors and in purchase of Squadron caps. You will have a good time at the dance, and we are counting on seeing you there, don't disappoint us. The admission is men 35c; women 25c. We are counting on seeing you there. Thanks.

EUCLID LAWN CEMETERY has a perpetual charter; 78 acres on East Euclid St. is rural and parklike. Has non-sectarian and Lutheran sections. Both monument privileges and garden sections without monuments. Desirable lots can be had from \$24 to \$30 per grave. The cemetery is conducted without corporate profit. For particulars address—

A surprise pre-nuptial shower was tendered to Miss Mayme Hunn in the home of Mrs. Johanna Adam, 209 North Pine avenue Monday evening this week. The guests were her busy associates in the central telephone office. The color scheme was pink and yellow and there was a lavish display of beautiful flowers. The shower was a real down pour of gifts, beautiful and useful, not like the little sprinkles we are getting these dry May days. The refreshments were satisfying and good for hungry folks. Games and chatter for amusement. The time, place and residence of the bride-to-be are at present kept "Sub-rose."

Mr. and Mrs. Arthur Schmitz' daughter, Lola, and grandchild from the east are now guests in their home on West Euclid.

Heads His Class
Jud Tenkins says his boy takes no credit for standing at the head of his class because it's an awful dumb class.

Cowrie Shells Used for Money
The cowrie shells which were used for money were white cowries and yellow cowries. They may well have been the first money.

ARLINGTON HTS.

Chief Herbert Skoog, of Arlington Heights attended the funeral Wednesday of his grandfather, Andrew Smith, 82, who died Sunday at the Swedish Old People's Home, Chicago. He leaves two daughters and a son.

Local Unit No. 1 of the National Union for Social Justice will hold a meeting Tuesday night, June 2 at Sudeck's hall. All members are urged to be present.

Funeral services were held Wednesday afternoon at the Lauterburg

& Oehler Chapel, 111 W. Campbell street, Arlington Heights, for Beverly Jane Lynk, eleven months old daughter of Mr. and Mrs. Elvin Lynk, 9 E. Campbell street, Arlington Heights. Beverly Jane died Monday from pneumonia, having been sick only a few days. Besides her bereaved parents, she leaves one brother.

Mrs. Helen Hahnfeldt and children of Mundelein, visited at the home of Mrs. Louise Hahnfeldt, Tuesday afternoon.

Don't forget the Dorcas Bakery Sale at Frankberg's Store, Friday, May 29, at 2:30 p. m.

Mrs. H. F. Olsen is entertaining Miss Anna Forsman of St. Paul,

Minn. Wednesday, May 20, Auxiliary of the V. F. W. meet in the home of Mrs. Geo. Held, N. Pine, for a social evening. The happy event of the evening was a surprise for Mrs. Andrew Duthorn, a senior member of the Auxiliary and sang "Happy Birthday" song and presented her with a bouquet of roses. Cards and buncos played for the social time. Refreshments were served.

The Gleaners of the M. E. church gave a novel display in "The Pageant of Shawls" in the church hall Wednesday afternoon, May 20. Miss Heller and Mrs. Ernest Wolf were in charge of the arrangements so faultlessly carried out. There

Either this motor oil makes good ... OR WE DO!

AFTER 10 DAYS' TRIAL, IF YOU
DON'T SAY IT'S THE FINEST MOTOR
OIL YOU'VE EVER USED... WE'LL
REFILL YOUR CRANKCASE WITH
ANY OIL YOU NAME.

VEEDOL'S Make-Good OFFER

Have any Veedol dealer drain and refill your crankcase with the correct grade of Veedol Motor Oil. Ask him to give you a correctly filled out and signed sales slip. Keep that slip. Drive your car 10 days. And then, if you don't gladly say Veedol is the finest motor oil you've ever used... we'll make good. Simply mail your sales slip to the TIDE WATER OIL COMPANY, PHILCADE BLDG., TULSA, OKLA... with a request for a crankcase filling of any oil you choose. We will promptly fill your crankcase with that oil, without it costing you a penny.

THE ABOVE OFFER EXPIRES JUNE 30, 1936

YES, SIR! We foot the bill if you don't get a thrill from Indestructible Veedol Motor Oil. Never before in all your life have you seen an oil like this. So good you can instantly feel the lift it gives your motor. So good that your motor develops a power, speed and smoothness it has never had before.

But that's what we say. It's what you say that counts!

And you don't have to wait six months or even six weeks to form your verdict. Veedol is willing to stand or fall on a 10-day trial in your motor... a trial in which you don't gamble a penny. Either you gladly announce that Veedol is "the winner and new champion" or we'll foot the bill! Read our Make-Good offer!

were about one hundred in attendance to enjoy the novel, large and colorful display of shawls of various textures, value and age. Some were even quite modern of the knit or crocheted style. Mrs. Bantas crocheted of rose colored silk twist. There were Paisley Brochet and embroidered crepe. The oldest shown was a paisley two hundred years old, shown by Mrs. Ernest Wolf. Mrs. J. B. Crofoot's, one hundred years old of embroidered silk with long fringe that had belonged to Mr. Crofoot's mother, Mrs. S. E. Pale, brought a paisley, a beautiful shawl, that had belonged to Mr. Pale's mother. These shawls were gracefully modeled by twenty young ladies. There were wedding gowns and other ancient garments. Tea and wafers were served and delightful period spent in discussing as well as admiring the articles on exhibition. One charmed spectator wished the Shawl Pageant might be staged again.

Mother's club will meet Wednesday, June 3, at the home of Mrs. O. G. Barrett with Mrs. Homer Byrd assistant hostess.

Guests Sunday at the Monroe home were Mr. and Mrs. Donald Wallace and baby of Evanston. Bobby Blackburn is having vacation from school but not from choice. It's the chicken pot that's keeping him home.

Katherine Hines is also out of school for a while, because of bruises and injuries received Saturday. While playing she slipped and fell from a porch.

Saturday afternoon and evening Mr. and Mrs. F. C. Utterback and children spent with friends in Blue Island.

At the country home of Mr. and Mrs. W. Ray Ewing near Libertyville, the Kappa Delta Mother's association was entertained Sunday afternoon and evening. Mrs. C. H. Mills assisted Mrs. Ewing at the picnic to which not only the mothers, but the fathers also were invited.

Mr. and Mrs. G. Greene and son, Billy, and his friend, Orville Bolte, Mr. and Mrs. D. Smith and their father, together with other relatives whom they met at Dolton, enjoyed a picnic there Sunday.

In Canada the twenty-fourth of May is a holiday in celebration of Queen Victoria's birthday. These they celebrate with shooting of firecrackers much as we do on the Fourth of July. Because of the holiday, Mr. and Mrs. Austin of Windsor, Ont., came to spend the week-end with their friends, Mr. and Mrs. Paul Williams.

Howard Sayers is at home for the

summer vacation, having completed his freshman year at the University of Illinois.

The evening Bridgeclub met Wednesday with Mr. and Mrs. E. F. Laurin.

Last Friday evening, Mr. and Mrs. C. L. Davis and Mr. and Mrs. Elmo Williams attended a dinner dance given by the Public Service Company at the Furniture Mart.

The lovely garden at Mr. and Mrs. Arthur Mundy's was the charming setting for a supper party, Sunday evening, after which the guests spent the evening at bridge.

Among the guests at the wedding reception of Miss Helen Dawes, daughter of Mr. and Mrs. Rufus C. Dawes, and Louis Francis Watermiller, were Mr. and Mrs. Chas. Peterson of Skarsdale. The reception was held Saturday at the Fort-nightly club.

Mr. and Mrs. Harold B. Lutes and cousin, Charles McDaniel of Cedar Rapids, Iowa, are expected to spend the week-end with the former's brother, C. M. Lutes.

Mr. and Mrs. Elmo Williams are looking forward to a visit from Mr. and Mrs. Finnegan and family of Chicago, this week-end.

Mrs. Albert Hines, chairman of the Summer Round-up has arranged for the health examination to be held, June 4, from 9 to 12 a. m. at the north side school. This is for all children who will enter kindergarten or first grade this fall. Mrs. Folkman, Mrs. Thornton and Miss Slabbert will be her assistants.

Mrs. Minna Schulenberg Fries recently left the hospital in Elgin, where she has been for treatment and is now staying in the home of relatives in Elgin.

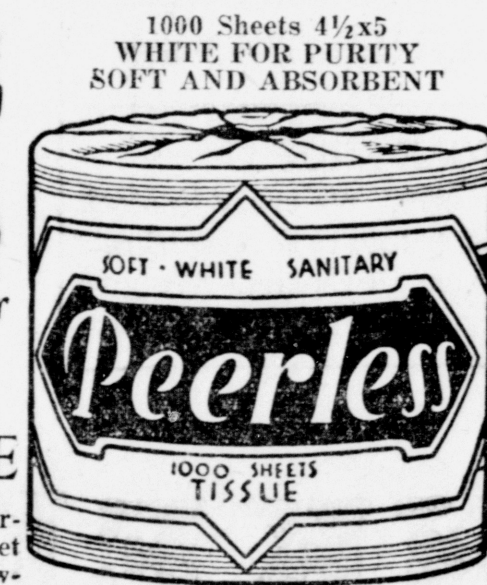

Mrs. George Prasinos of West Euclid street, has been visiting her relatives in Detroit the past fortnight.

Miss Elizabeth Garland is to be graduated in a class of sixteen. Thursday this week from the Wauconda high school. The many friends of Miss Elizabeth in Arlington Heights send her hearty congratulations. Some of them are planning to be present to witness her graduation.

Her intimate friend here, Miss Mary More, who was in the class with Elizabeth in Arlington Heights, will also be graduated from the high school here when it closes in early June.

Lutheran Section at Euclid Lawn Cemetery Is Dedicated

The Evangelical Lutheran sections in the Euclid Lawn cemetery were dedicated Sunday in the presence of three hundred people, most of whom were members of St. Peter's Ev. Lutheran church of Arlington Heights. The procession was formed at St. Peter's church and proceeded by auto to the entrance of Euclid Lawn Cemetery. At this time Pastor H. C. Fricke asked a blessing and gave the ceremony of opening the gates. A young lady dressed in white then cut the ribbons which were stretched across the entrance and the entire assemblage proceeded to the place allotted for the proceedings. The pastor gave the invocation. The entire assemblage sang the well known hymn, "Asleep in Jesus." After this in succession were given The Kyrie, a collect Scripture reading by the pastor. The confession of the Creed, the Faith of our Dead. This was followed by a very beautiful anthem rendered by the choir of St. Peter's church under the direction of Mr. Theodore Pruess.

The dedicatory address was then given by pastor H. C. Fricke. This was a very able and historical address, covering Biblical history back as far as the time of Moses, and in to more modern times when the sacredness of a place of burial should be always taken into consideration. After this reading the congregation sang, "Beloved, It is Well." Then the very interesting dedication rites were performed. This consists of taking three graves and turning the soil in them by the deacons, the sowing the seed by the Pastor and the flowers of hope being placed on the graves by a group of young ladies dressed in white. While the flowers were being placed on the graves, Mr. Ralph Taege played on the Trumpet "Jerusalem Thou City Fair and High." The pastor then gave a prayer and blessing, the congregation sang "We Shall Lay Calmly in These Graves." Taps were sounded and ceremony was over.

Before the congregation dispersed Mr. Hugo J. Thal, the president of the Euclid Lawn Cemetery gave a short talk, explaining that the cemetery was not organized for profit and asking for the cooperation of all the lot owners.

Containers for Radium

A glass tube in a lead case that is smaller than a lead pencil is used to store radium in hospitals. Radium cannot be handled directly, because, although it does not seem to burn at once, the effect is a gradual destruction of the tissues. Radium is handled only by experts.

Gieseke To Address Students of Valparaiso University June 3rd

Fred William Gieseke, Jr., son of F. W. Gieseke, 416 South State Road, will make his first major appearance as a public speaker Wednesday morning, June 3, in the auditorium at Valparaiso university.

Gieseke, who is now a junior at Valparaiso and who graduated from Arlington high school, will speak on "The Public Enemy's Nemesis." Thoroughly conversant with his subject after a wide study at the University, Gieseke will offer some new angles on the work of the "G" man and crime detection.

Active in school affairs, Gieseke is a member of Kappa Iota Pi, the Inter-Fraternity Council, Student Council, and the Pre-Legal Association.

The Wednesday event has become an annual affair with several of Valparaiso's best student speakers addressing the student body on subjects of wide appeal.

Woman's Club Close Year with May Breakfast, View Lombard Lilacs

The Woman's club of Arlington Heights closed the club year with a May breakfast on May 19, at Plentwood Farm Tea Room, which is near Bensenville. One hundred and five club members and invited guests attended.

The lovely wooded ground of Plentwood Farm and the motor ride to Bensenville were an added pleasure due to a perfect spring day.

A tour of Lilacia Park, at Lombard, followed the May breakfast. The Supt. of the Park, Mr. Hagerman, pointed out a number of the outstanding trees of the park. As this park is famous for the great variety and number of lilac bushes, Mr. Hagerman gave most of his time to the interesting lore of raising lilacs and the various methods of producing artificial effects, as shown by the spotted leaf lilac and the bush with three grafted varieties, representing the red, white, and blue varieties of lilacs. An additional treat was the walk between the beds of tulips, all in full bloom. About 2500 tulips and 125 varieties were represented.

District Garden Show
The Seventh District Garden Show of the Ill. Federation of Women's club will be held at Norwood Park Field House on June 7 and 8. A reception and program will be given Saturday evening, June 8. No charges.

ARE YOUR TIRES AND BATTERY READY FOR

MEMORIAL DAY WEEK-END

Are You Acquainted With Winkelman Service?

To Auto Owners—

The Tire Service given by Winkelman brought fame years ago to the Winkelman Tire and Battery Shop.

This shop became FIRST in tires and tire service when the equipment of the majority of the garages consisted of a few tools and minor equipment.

Today this same shop is taking the lead in general car troubles and has the very latest equipment.

Wheel Alignment Machine

that will give your car proper wheel alignment, prevent sagging of springs, worn bushings, bearings prevent wear of tires, etc.—all making your car safe to drive.

Weaver Brake Tester

Your brakes can be tested accurately in a few minutes on this machine which is full size and tests all four wheels at the same time. This service is given free in the interest of Public Safety.

Weaver Head Light Tester

The headlights of nearly 75% of the cars are either out of focus or not properly adjusted. This machine has a magic eye that shows the fault quickly and adjustments can be easily made.

Weidenhoff Motor Analyzer

Accepted as the very latest equipment to analyze the motor of your car. Operated by an experienced mechanic by means of electricity, it locates the troubles on the inside of your motor, saving you unnecessary labor costs and guess work repairs.

Weidenhoff Ignition Analyzer

With the Weidenhoff lubricator and automatic thermostat is a companion machine to the motor analyzer. They all mean specialized service for your motor and your car—None better anywhere.

Tire and Battery Equipment

Our reputation was established years ago upon the tire and battery service that we gave to automobile owners. Such service continues to be foremost in this shop.

Church Celebrates Golden Anniversary

St. John Evangelical Lutheran Church, West Northfield, Had Big Celebration Sunday; Two Surviving Charter Members Present.

Sunday was a day of great rejoicing for the members of St. John Ev. Lutheran Church of West Northfield on Milwaukee Ave. It was the day which had been set aside to commemorate the Golden Jubilee of the congregation which was founded in 1886 by the following men: Wm. Niebuhr, Geo. Sander, John Carnehl, Henry Gaertner, Henry Stuck, Frederick Lenke, John Wischmann, Henry Buhke, Herman Knoll, John Knoll, Herman Mueller, Christ Justin.

Former members and friends from near and far joined the glad members in the festival services to thank and praise the Lord for a half century of gracious blessing. Pastor C. M. Noack of Arlington Heights, former Visitor of the Synodical Circuit to which St. John Church belongs and who in this capacity aided in calling, and inducted one of the former pastors into his office here, preached the German sermon in the forenoon festival service, basing his instructive words on Psalm 42, 1-5.

The Male Chorus of the church, under the direction of Henry Pahnke, rendered the festival anthem. The only two surviving charter members, John Knoll of Northbrook, who has been a member of the church he helped organize for fifty years, and his brother Herman, who came from Butterfield, Minn., to attend the services, occupied places of honor in both services.

More than 100 guests partook of the dinner which had been prepared in the school by the ladies of the church and was served by members of the Ladies' Aid.

At 2:30 p. m., the time set for the beginning of the bi-lingual afternoon service, the church auditorium was filled to capacity, and those who found no places in the church were directed to the school auditorium, where through the courtesy of Walter Karstens a loud speaker had been installed.

In this service Pastor F. L. Gehrs of Elk Grove, who served the congregation during a vacancy and installed the present pastor, preached the German sermon on the basis of Luke 24, 29, pointing out the necessity for the joyful congregation of imploring God for His abiding presence in the future. Pastor Arthur Preisinger of Hamilton, Ont., Can., a brother of the

late Pastor Alfred Preisinger who served the congregation for only 8 months, when the Lord called him to Himself, based his English festival sermon on Heb. 10, 23, encouraging the members to hold fast to the truth of God's Word which had been established in their midst for fifty years in true and firm faith and to show their gratitude in a life of godliness and all good works. The Mixed Choir under the direction of Mr. P. C. Schmieg made its debut with the anthem "O praise the Lord" by C. H. Gabriel.

Two baskets of yellow roses graced the altar while palms and ferns, furnished by Walter Oehler, together with a number of flower-filled baskets gave the altar niche and church auditorium a very festive appearance.

About three hundred guests were served supper and most of them remained for the social gathering and entertainment held in the school auditorium in the evening, which for the greater part was furnished by the "German Band," a group of expert players from Concordia Teachers' College, River Forest, Ill.

All too soon the day drew to a close which will be cherished in the memory of all who were privileged to join in our celebration.

Brief History of St. John Ev. Lutheran Church

Pastor H. W. Wehrs of Immanuel church, Glenview, (then Oak Glen), consented to serve a number of men and their families upon their request in the fall of 1885. Divine services were held in the homes of H. Stuck, H. Buhke, G. Sander, and J. Knoll. In March of the following year a congregation was organized with 12 members. Thereupon the "English" church adjoining the Oakwood cemetery on Milwaukee avenue was rented for the months March to September, after which time the congregation met in the school which had been erected on a quarter acre tract of ground purchased from Louis Gottschalk. Pastor Wehrs continued to serve this charge till 1890, when Candidate E. Senef of the theological seminary in Springfield, Ill., became the first resident pastor.

After one year's service he accepted another call and at the beginning of 1892 pastor Paul von Loewne began his pastorate, during which time a frame church building was erected on a plot of ground on the west side of Milwaukee avenue, now occupied by the present church building. After Pastor Toerne accepted the call to Algonquin, Ill., in

Feb., 1894, the vacancy in the pastorate lasted till September, 1894, when Candidate G. W. Maede of Springfield, Ill., was ordained and installed as pastor of St. John church. He rounded out almost 25 years of service in the history of the church. During that time a new frame parsonage was built, a plot of ground on West Lake avenue was purchased and laid out as the church's cemetery, the present brick building was erected on the site of the first one which was destroyed by fire resulting from lightning in May, 1915, and the membership was strengthened both in spiritual life and in numbers. The burdens of the office which included the teaching of the day school and the weight of added years began to tell on the faithful pastor before he reached the 25th pastorate of his ministry, and he asked the congregation to relieve him of his ministerial duties early in 1918. The members were reluctant to do so and asked their pastor to serve them till after Easter of that year.

Then Pastor Alfred Preisinger of Southey, Sask., Can., was called to take charge of the congregation, and in a short time he had gained the good will and confidence of his members. He was stricken with influenza, however, in the fall of 1918, and on Nov. 25 was called to his heavenly home. His body was laid to rest in Bethania cemetery, Summit, Ill., on Nov. 27, pastors W. Pieper and C. Noack officiating. In March, 1919, the present pastor, W. G. Fechner, who had been doing service in Vernon, B. C., Can., and in other parts of the province was inducted into office by Pastor F. L. Gehrs. The Lord has blessed the congregation with numerical growth and spiritual strength. In 1930 the congregation built a new pressed-brick-vener school which provides a room for the day school, another for the confirmation class and can be converted into a large auditorium by opening the large folding doors which separate the two rooms. There is a large playing space in the basement which is used by the children during inclement weather and serves as the hall where meals are served as occasions require. The Ladies' Aid has a well furnished kitchen to facilitate such service.

This year also marks the 50th anniversary of the day school of the congregation. The following each taught school one year: Student

Henry Wehrs, Student F. Thrun, Teacher J. H. Becker, Student Herman Wehrs. Then the pastors had charge of the instruction. Pastor G. Maede served in this capacity from 1894 till 1918. Beginning with 1927 the following students from Concordia Teachers' College were in charge for one term each: Raymond Alms, Frank Schmieg, Alfred Hoffmann. In 1930, Mr. Schmieg was called and since then has had charge of the school.

May the Lord continue to abide among the members of St. John Church with His grace, His truth, His blessing, to His glory and the salvation of many souls.

On May 31 at 2:30 p. m., a German reunion service will be held for the classes confirmed from 1888 till 1918. Pastor G. Maede will preach.

On June 7 at 2:30 p. m., an English reunion service will be held for the remaining classes, with Raymond Fechner preaching and George Sander presiding at the organ. Both are members of the second group.

Supper will be served on both Sundays after the services, followed by a social gathering and entertainment.

Laws Must Be Just

Laws must not only be just, but be recognized as just. If the good life is to be lived under them.

RED WINGS LOSE TO SYCAMORE

Hertel Drives In Only Tallies In 5 to 2 Loss.

The Red Wings suffered their first defeat of the season Sunday at the hands of Sycamore. Kylen, the Sycamore pitcher, held the local boys to four scattered hits and collected ten strike-outs to completely dominate the game. Roger Hertel was the only batter to solve the puzzle with any degree of success, getting two hits and a base on balls out of four tries. This gives Hertel six hits and two walks in his last nine trips to the plate. Kehe and Joe Brodman got a hit apiece to account for the other two hits off Kylen.

Deiderich, after allowing three hits in a bad first inning, allowed only five scattered hits the rest of the way, but was the victim of bad breaks and spotty fielding in the fifth and eighth innings.

C. Henigan and Landis starred at bat for Sycamore. Henigan getting three hits and Landis two to account for all of their team's hits

but three. Saturday, which is Memorial Day, the boys travel to Chicago Heights, to play a strong team which I believe is made up almost entirely of ex-minor leaguers. Sunday the Red Wings play host to Waukegan.

BUY ON PROOF OF PERFORMANCE

for their
Safety

THE New
Firestone
HIGH SPEED TIRE for 1936

AVOID accidents—take no chances—buy your tires on Proof of Performance. Make sure that you and your family will be safe! Skidding, blowouts and punctures caused more than 37,000 accidents last year. Many of these accidents could have been avoided with safe tires.

The new Firestone High Speed Tire for 1936 is the safest driving equipment you can buy. Here is your proof:

PROOF OF GREATEST NON-SKID SAFETY

A leading university made 2,350 tire tests and found that the new scientifically designed Firestone High Speed tread stops a car up to 25% quicker than other tires.

PROOF OF GREATEST BLOWOUT PROTECTION

Every year, since Firestone developed the Gum-Dipped Balloon tire, Firestone Tires have been on the winning cars in the grueling blowout test of the Indianapolis 500-Mile Race.

PROOF OF GREATEST ECONOMY

Firestone engineers designed the new Firestone High Speed Tire for 1936 to give you up to 50% longer non-skid mileage. This is proved by our own test fleet records and the fact that the world's largest transportation companies, such as Greyhound, to whom safety and tire economy means business efficiency, use Firestone Tires. This is further proof that they are the safest, most economical tires ever built.

Why risk an accident when it costs so little to protect lives worth so much? Equip your car today with new Firestone High Speed Tires—the Masterpiece of Tire Construction.

Arlington Takes Second In Conference Track Meet

Libertyville	63
Arlington	45 1/4
Barrington	28
Grant	25 1/4
Bensenville	19 1/4
Leyden	9 1/4
Palatine	6

Libertyville last Saturday once more regained the track and field the past year. With a well balanced championship held by Arlington for squad they scored in every one of the 13 individual events and won two of the three relays. Paced by Jaeger, Madden, Smith and J. Ray who scored 10, 10, 9, and 9 points each, for a total of 38 of their team's 63 points, they gradually piled up a lead that Arlington in second place with 45 1/4 could not overcome.

Barrington put up a stout fight to take third place from Grant. Grant and Leyden, new schools to this competition, showed up well. Richards Wins Individual Medal

Bob Richards, diminutive hurdler from Arlington, copped the golden shoe awarded each year to the boy scoring the most points in the meet. By winning both hurdles and taking a fourth in the broad jump he took twelve points, high for this year.

Two conference records were broken and two new ones set. J.

Ray pushed his own high jump record up to 5 ft. 9 in. and Libertyville's Frosh-Relay squad eclipsed their own mark of last year with 49.6 sec. for the 440 yards. Since the hurdles are at new heights and distances, Richards marks for this year will stand until 1937.

By actual count 134 boys took part in the meet. Leyden was high with 28; Barrington next with 23; Arlington, Bensenville and the champs, Libertyville, had 21 each. Grant had 12 and Palatine 12.

The 195 points were split among 51 boys. The three winning relay teams would add others to this scoring list.

13 boys scored for Liberty; 11 for Arlington; 8 for Grant; 7 for Barrington; 5 for Bensenville; 4 for Palatine; 3 for Leyden. The points were divided as follows:

Richards (Arl.) 12 points.
Jaeger (Lib.) 10 points.
Madden (Lib.) 10 points.
Smith (Lib.) 9 points.
J. Ray (Lib.) 9 points.
Johnson (Arl.) 8 1/2 points.
Stout (Barr.) 8 1/2 points.
Koske (Bens.) 8 points.
Sharp (Grant) 8 points.
Sewoski (Leyden) 6 points.
Newhouse (Lib.) 6 points.
Gallery (Bens.) 5 points.
Senne (Arl.) 5 points.

Hager (Barr.) 5 points.
Harlan (Lib.) 4 points.
Franzen (Bens.) 4 points.
Sheesley (Barr.) 4 points.
Werhan (Grant) 4 points.
Hull (Arl.) 4 points.
Mills (Arl.) 4 points.
Dearie (Arl.) 4 points.
Klopfenstein (Barr.) 3 1/2 points.
Vensberg (Ley.) 3 points.
Kuhn (Pal.) 3 points.
Vlink (Lib.) 3 points.
Harrman (Lib.) 3 points.
Cawwallader (Barr.) 3 points.
Amann (Grant) 3 points.
Rieck (Barr.) 3 points.
Mueller (Arl.) 2 1/2 points.
Allen (Arl.) 2 points.
G. Ray (Lib.) 2 points.
Schraudenbach (Grant) 2 points.
Proctor (Arl.) 2 points.

Lake Forest and Ela Tied for First Place

Conference Standings May 23

	W.	L.
Lake Forest	4	1
Ela	4	1
Leyden	3	1
Warren	2	3
Wauconda	2	4
Arlington Heights	1	3
Antioch	1	4

Leyden's victory over Lake Forest last Friday in a loosely played ball game set up a three-way tie for the conference championship. Lake Forest, highly regarded for its defensive ability, blew up with a bang, making ten errors against Leyden. A return to its former standard of play will be necessary if this team is to win its remaining contest with Warren. Leyden's only loss came when Hogan of Warren turned in a no-hit game against them. Collecting thirty runs in two games, Leyden had looked like a sure winner in the conference, but good pitching may stop the south-end boys again. Ela, the best-looking club in the conference, rates a good chance to beat Leyden this week.

The Arlington Heights team began its season without practice, as a result of cold weather and recovered slowly into condition. The victory over Wauconda, not unexpected locally, surprised the conference. The team should win at Antioch Friday and rates a chance to upset Leyden on Tuesday, June 2. The game will be played at the high school and will close the season for both teams.

Earl Gieseke Stars In Athletics At Riverside College

Friends and alumni of Arlington H. S. have been pleased throughout the year to hear of the successes of Earl Gieseke who graduated in 1935. He is now a first year student at Riverside Junior College in California, where he has contributed to the fine record which that school is making in athletics. Last fall Gieseke reported for football two weeks later than the squad, but was a regular end on the varsity team throughout the season. Sportswriters repeatedly declared him "the best man on the field" as Riverside rolled along to a conference championship. In a poll of over fifty writers he placed second by six votes in the choice for a place on the all-star team, losing to a second year man.

Gieseke was on the basketball squad and in the line-up early in the winter, but dropped that sport to concentrate on studies. Recent news reports from California show that he won his letter as a member of the track and field team which also took the championship in that sport. His fifth place in the discus, only three feet shorter than the winner's throw, was better than winning heaves in several Big Ten meets this spring. Incidentally the outcome of the discus throw determined the championship of the conference, and the Riverside squad came through in a great finish to score four of the five places and win by fourteen points.

Junior colleges offer only two years of work and are preparatory to universities, where their credits are acceptable. Gieseke's scholastic standing, coupled with his athletic

accomplishments, has brought him numerous offers of scholarships in some of the bigger schools. A star in high school, where his name is still one to conjure with, especially in football circles, he has risen by effort and drill far above his earlier attainments. His expressed determination, when he left for California was "to get an education." Not only is he doing a very satisfactory job of that, but he seems to be picking up athletic honors on the way.

80-ACRE TRACTS TO BE OFFERED FOR HOMESITES

Smith & Dawson, subdividers and builders, have purchased for cash the eighty acres located at the intersection of Route 54 and Palatine road, approximately two miles north of Mount Prospect, and shortly will place the tract on the market for homesites, comprising one to three acres each.

The newly acquired acreage adjoins 120 acres purchased by Smith & Dawson last November, and now about one-third sold. The new subdivision will be restricted to eliminating undesirable types of homes, according to Allen H. Dawson.

The property was obtained from George Busse, of Mount Prospect, who was represented by F. A. Shepherd & Co., as brokers. An 8-room farm house now on the land, with several out-buildings, is to be remodeled immediately for sale with about eleven acres of ground, Mr. Dawson states. Nine homes have been built and sold on the firm's development so far this year, with a considerable amount of vacant also sold.

Holy Name Society

Thirty-one members attended the interesting and purposeful meeting of the society held Tuesday, May 12, 1936, and welcomed brother Raymond Brehm into the societies membership.

Sick committee chairman, L. Weidner, reported no member in ill health, we are very grateful for that blessing. From our membership committee, Otto Wulbecker and F. Bittner came the report that they have received a number of signed applications from prospective members.

Brothers H. Schafer and E. Weidner, say that they shall not be out-classed by any chef. We who have indulged in their menus, grant them that honor—come to the next meeting and judge for yourself. The Parish fund committee, discussed a dinner and picnic, to be held some time in a near future. The time and place, and other details pertaining to this event, shall be forthcoming in a later writing.

From the meeting floor, congratulations were tendered to John Kindler, who tiring of bachelorhood joined the ranks of the bachelors. John has served on several committees and offices in the society. His society friends extend best wishes to him and his bride.

After a most inspiring lecture from Father Steir, the members participated in the refreshments, followed by enjoying themselves in games and cards. Mr. Mike Oefelein and C. Weber, were the lucky members in the card games, taking home the first and second prizes respectively. The next meeting will be held June 9, 1936, 8 p. m.

The Committee.

"Child Psychology" Pamphlets Available To Illinois Parents

Pamphlets on "Child Psychology" prepared by the Child Development Institute of the Teachers College at Columbia University in conjunction with the New York Works Progress Administration, are now available to parents in Illinois, according to an announcement made today by Charles E. Miner, deputy Illinois WPA administrator.

The pamphlets, developed by child experts after clinical observations and the study of hundreds of case histories, can be acquired, Deputy Miner explained, by writing to the Teachers College of Columbia University, New York City. A charge of three cents is asked for mailing. The leaflets have been enthusiastically received in New York, where approximately 55,000 parents are using them as a text on child raising. Meanwhile, requests for copies have come from neighboring states and even from foreign countries.

Written simply and effectively, each pamphlet is designed to present a psychological lesson in terms easily understood by anyone. They serve not only to educate parents, according to Ernest G. Osborne, well-known authority on parent education, who is directing the work, but also to "allay the fears commonly provoked by ignorance and superstition." For example, one pamphlet titled, "Why 'Bitch Marks'?" denies that they result from pre-natal fears on the part of

the mother, and explains that "in most cases birth marks can be removed by a doctor."

Many mothers, who are using the pamphlets, have written in that they have learned to overcome on the part of their children tendencies to lie, fight and disobey, Director Osborne's report shows.

Back In 1904

From Files of Cook County Herald, Issue of May 27, 1904

Roselle
Masons are putting the finishing touches on F. H. Meyer's hotel and saloon and painters are doing the outside. When the building is completed it will be the finest in any country town.

Ball game between Roselle and Blomington ending in favor of the home team. Score 55 to 9. They will play Bensenville next Sunday.

Franklin Rathje was in Roselle, Monday.

Itasca
Tim Quirk spent Sunday out on the farm with his mother, returning to Chicago the next day.

Herman Deike's barn was burned to the ground, Tuesday. Total loss of large amount of hay and machinery. Small insurance on barn.

Pentecost was a prosperous day for Louis Winkelman. The dog presented him with a litter of pups; a litter of pigs and a calf were among the presents showered on him while he was away to Itasca, after a load of tourists.

Schaumburg

J. Greve had bad luck while hauling hay to Roselle, last Saturday. A tire got off and a wheel was smashed so he had to borrow uncle Schoenbeck's wagon. John, ik wett di do her awer een glass goswein bi smekt meens nicht?

H. E. Quindel and Fred Volkening are the most successful auctioneers in all this region.

Henry Salge was in Hampshire on business last week.

Meachem

Geo. Benhart's new buggy has arrived. Now each of the boys have one. What a well worn road there will be between here and Roselle. Mr. Hintz is in a very critical condition but is now much better. Roy Lawrence planted corn for him, Monday.

Quentin Corners

Farmers are having trouble with their seed corn. It don't come well this season.

Cards are out for the wedding of Miss Bertha Sturm and Mr. Wm. Luerssen, to occur June 1.

George Hecker's weiler has moved in with Fred Fulleth. Geo. says Quentin Corners is o. k.

Long Grove
John Hans is taking a special merchandising course at Bond Institute and hopes to graduate in a few weeks, as a fancy window trimmer and decorator.

Palatine
Aunt Nancy Sutherland has a very fine wheel chair, so she can now be able to call on her many friends about town.

Mrs. H. L. Bokelman was taken to Chicago Saturday, for a surgical operation.

Rev. D. J. Holmes, pastor of the Palatine M. E. church, who has been sick several months, but made a brave struggle to live, is slowly sinking and friends realize the end is near.

Wagner and family of Arlington Heights visited Rev. Hoffmeister and family, Tuesday.

Arlington Heights
G. A. Schmidt and family arrived here Saturday from Pomona, Cal., where they spent the past eight months.

Miss Sophia Yaeger is visiting relatives at Crete.

The proposed new Catholic church at Arlington Heights has made an auspicious start. Over \$25 was realized from the Oberammergau stereopticon lecture.

The Arlingtons lost a ball game to the Dixons last Sunday. Geo. Peter claims it was only bait and that the Arlingtons are ready to play them again for money.

Misses Abbott and Hodgkins were Palatine visitors last week.

Elk Grove

The boys had a big time at Lake Zurich and caught lots of fish. Chas. Bunnhorst got so interested in fishing that one morning when he got up he put his shirt on three times before he had it on right, and he didn't wake up until he was out on the lake getting bites.

Charles Witt has a nice fast horse and wants to mate him; says he will pay \$100 for a match.

Wheeling

Philip Spengler and sister, Katie, went to Highland Park Sunday.

Carl Becker is having an addition built to his house.

GIRLS WANTED FOR HOUSEWORK</

MODEL ELECTRIC FARM OPENS MAY 30 — People interested in the conveniences brought to the farm and country home by electricity, may see demonstrations of practical electric equipment at work at the Public Service Company's model farm near Mundelein. The picture shows general view of farm, electric milking in the dairy barn and modern electric kitchen of the country home.

PUBLIC SERVICE CO. OPENS MODEL FARM

The Model Farm of the Public Service Company of Northern Illinois, providing a place where people may see demonstrations of the latest electric equipment and lighting for farms and country homes, will be opened May 30, according to D. W. Burtis, district superintendent of the company.

"Much of the hard work and many of the tiresome chores of farm life can now be done electrically, giving people who live in the country all the advantages and conveniences of city living," said Mr. Burtis. "Recognizing the need for a practical source of information on electricity throughout the nation."

"Visitors may see what happened to the farm kitchen, how it has been transformed into a cool, convenient work-saving room. They may see electrified dairy buildings, a new method of controlled electric ventilation for barns, the Exhibition Hall where the latest electrical farm appliances are shown and many new and interesting applications of electricity to 1936 rural living."

"The farm is open on weekdays from noon to 5:20 P. M. and all day on Saturdays and Sundays. In addition to the farm, there is a recreation field including a picnic grove, baseball diamond, tennis courts, dance pavilion, refreshment stand, fully equipped shower and wash rooms and convenient parking space. These facilities are available to groups for outings and picnicking."

Steve Szasz, home for Prom, talks about foot ball at Michigan State. "A fellow is put through the paces to win a berth on a big college eleven," says Steve Szasz, freshman at Michigan State college, who came home last week-end to participate in the junior prom at the Arlington Heights high school.

Steve Szasz, Home for Prom, Talks About Foot Ball at Michigan State

A gridiron star while at Arlington, Steve Szasz is out for a position on the varsity squad next fall, and believes he has a swell chance to be in there at right half when they hook up with Temple, Michigan, Marquette, Carnegie Tech and other crack schools on the schedule. But he admits he has a job on his hands as a Tennessee all-state right half is competing for the same position.

Szasz, who now tips the scales at 170 pounds, thinks it's a big jump from high school to college football. "They made me carry that ball for two hours at a stretch just to see how long I could take it," he said in describing spring practice. He won freshman numerals in both football and track.

Mazy "One-Man Jobs" "The man that thinks 'bout his self all de time," said Uncle Eben, "ain't ginter git much friendly help. He's liable to find at last dat he has made life strictly a one-man job."

Benefit Dance For New Squadron of Legion Post

The recently re-organized Squadron of Merle Guild Post No. 208 will benefit by a dance that will open the season at Schuffreider's, Milwaukee and Lake avenues Saturday night. The squadron, which is composed of the sons of veterans of the World War now numbers fifty and will use the proceeds to purchase squadron colors and caps. The boys are planning to organize a drum and bugle corps of their own.

Arlington Ballroom Sponsoring Local Softball Team

Arlington Ballroom is the latest softball team that has been organized and while the majority of the players are Arlington Heights boys, Capt. Ralph Nebel has picked up a southpaw pitcher from Des Plaines and has two likely youngsters from Mt. Prospect.

This team defeated Wheeling Monday night by a score of 18 to 9. They meet Roselle at the high school grounds Thursday night. The general public is invited.

Camera Invention Traced to Italy
It is believed that the camera was invented in Italy in the Sixteenth century, though the principle was actually known before.

Cardinals Win First Conference Game 17-2

A free-swinging bunch of Cardinals won their first conference victory last Friday when they beat Wauconda 17 to 2. They batted around in the first, second and fifth innings, in which they drove out eighteen of their twenty-two hits. Meanwhile Kehe was breezing through with a six-hit pitching performance. Clark and Laseke led the hitting, the first with two singles and two doubles, the second with a double and two home runs. Laseke's three drives brought in six runs. Clark drove in two and scored four. Other good performances were those of Kirchhoff, Wille, Kehe, and Hedke. Buesing's triple in the fifth was a healthy swat.

Arlington had two lapses on defense, but neither was costly. Some sparkling plays were turned in and there was a fine display of smart base-running. Clark's work behind the plate was faultless. Kehe's effectiveness is shown by the fact that there was not a put out in the outfield. With a wind behind the batters, there were only two extra base hits off his delivery.

H. Dowell, Wauconda pitcher, was in poor form at first. When he warmed up he became very effective, striking out nine batters in six innings. He displayed fine spirit, bearing down hard despite some careless playing by several teammates. Two hits by Danias was the best offensive record for Wauconda.

Watch Studebaker On our way to the biggest May in ten years

SHARE IN STUDEBAKER'S SENSATIONAL SUCCESS
GET THE BEST "BUY" OF THE YEAR

In order to roll up the biggest May sales in ten years, we are offering to cut you in on Studebaker's success this month! Come in and look over a new Studebaker — take one out for a trial drive — and then see if you can pass up the offer we will make you!

Only the tremendous volume of business we've been getting all year enables us to do this. We include the big new President Eight — priced \$300 less than last year's great President — as well as the superb new Dictator in our May sales drive!

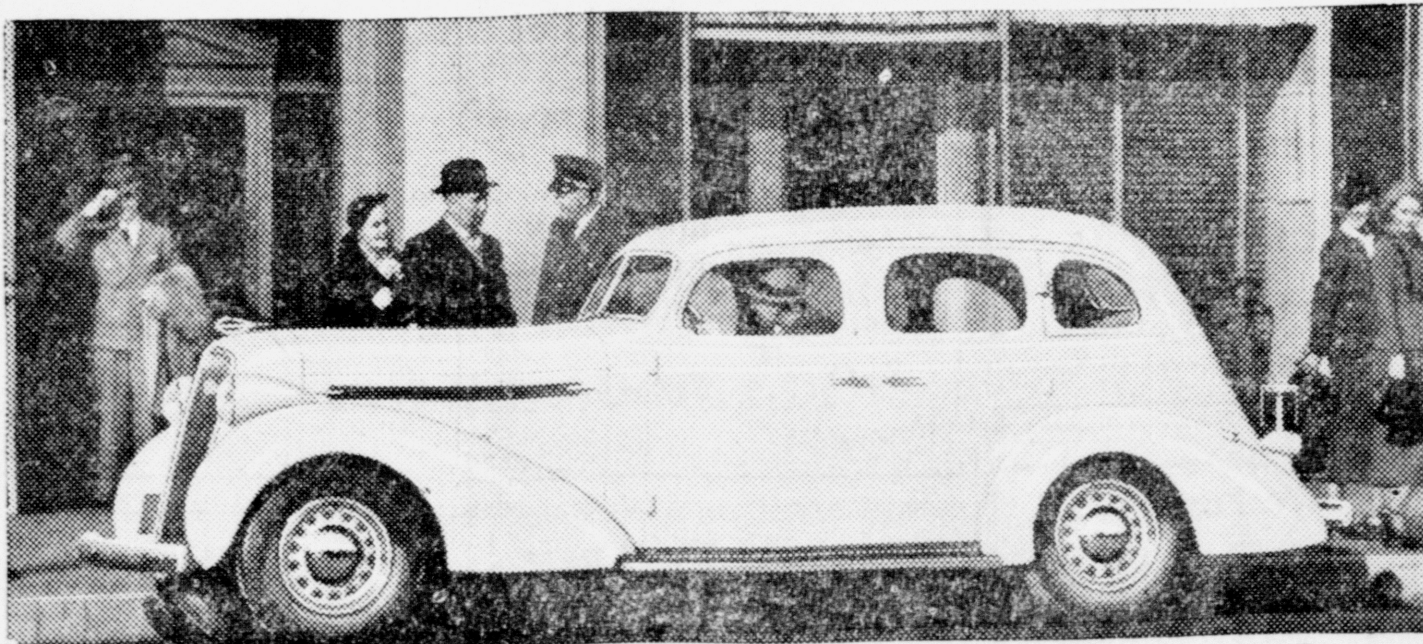

See for yourself that you can get a smartly styled, impressive, new Studebaker economy champion for practically as little as a lowest priced car! Rock bottom insurance rates and payments terms as low as any!

No wonder Studebaker sales are up . . . look at these "extras" you get!

World's only car with Automatic Hill Holder!
World's largest one-piece top of solid steel!
World's strongest steel reinforced by steel body!
World's roomiest rear seat—58½ inches of elbow room!
One of the few 1936 cars with Automatic Overdrive!
World's only car styled by great woman designer—famous Helen Dryden!
World's only car with Miracle ride—comfort at any speed on any road!
Holder of official American Automobile Association gas economy record—24.27 miles per gallon!

NOW ONLY
\$195
DOWN

Plus tax and insurance for a 6-passenger Studebaker Sedan—complete!
